OPTIONS

Available in white, standard colors and custom colors. Can be lined with a wide variety of liner systems.

CLOSURE BENEFITS

- Easy dispensing & clean flow
- MESA Flip-top dispensing closure
- Teardrop orifice
- Audible “click” conveys security
- Single-wall design

The teardrop orifice is compatible with most product viscosities, however it does not have the same sealing properties as the round-shaped orifices. We recommend to always test the closures first to ensure they have acceptable product sealing properties once the liner is removed.
