

PACKAGING VITAMINS, MINERALS & SUPPLEMENTS

Closures for capsules,
tablets, softgels, gummies,
powders, and more

PHOENIX™ | phxpkg.com

DISPENSING CLOSURES

- Easy to open and close with one hand
- Modern aesthetics
- Lid remains open while dispensing
- Closes securely
- Consumer-preferred functionality

TRADITIONAL 2-PIECE CRC

- More sustainable and lighter weight than traditional 2-piece CRCs
- Sleek, modern design
- Exclusive Smatte™ has a smooth, matte look

RESEARCH & CONSUMER TRENDS | CONSUMER HEALTHCARE

- Sales are expected to continue to grow across all consumer health categories
- Brands need to look for opportunities to disrupt and innovate to maintain their shelf space at retail
- Majority of focus group participants prefer flip-top dispensing over CRCs when child resistance is not required
- Consumers don't like excessive or unnecessary packaging
- Storage and stackability is important

CLASSIC

CONTINUOUS THREAD CLOSURES

- Smooth or ribbed options
- Sizes range from 22mm–120mm
- EcoStack® options are ideal for nutritional and protein powders

HP SCOOPS®

MEASURING SCOOPS

- Popular for nutritional powders
- One point of contact for scoops and closures

HORIZON™

INNOVATIVE 1-PIECE CRC

- Lightweight, sustainable option
- Ribbed or smooth sides including Smatte™ or glossy finishes
- Made with less plastic than traditional 2-piece CRCs
- Senior-friendly palm-and-turn technology
- Closes with an audible “click”

PHOENIX partners with Pretium Packaging for bottle with unique neck finish
